- THVs can be built fast and are a great crisis response tool. At the start of the pandemic, at City of Seattle's request, LIHI built T.C. Spirit Village in just 4 weeks.

# JumpStart Payroll Tax

Businesses with at least \$7 million in annual payroll will be taxed 0.7% to 2.4% on salaries and wages spent on Seattle employees who make at least \$150,000 per year, with tiers for various payroll and salary amounts. # King County Health Through Housing Sales Tax

## Health through Housing Proposal Summary

The King County Executive is proposing Councilmanic enactment of a *Health through Housing 0.1% Countywide Sales Tax* authorized under [RCW 82.14.530](#) (*aka* the Legislature's 2020 [HB 1590](#)).

### GOAL: HOUSE 45% OF CHRONIC HOMELESS POPULATION (based on HMIS)

By October 2022, house 2,000 King County residents who are experiencing or at risk of chronic homelessness—while reducing racial-ethnic disproportionality—by:

1. acquiring single-room settings like hotels while economic conditions are favorable,
2. putting them into immediate service as emergency and affordable housing,
3. funding operating and supportive services within housing, including behavioral health services, to keep people healthy and housed; and
4. converting acquired single-room settings into permanent supportive housing over time while continuing to develop additional affordable housing.

102 Studio Sized Hotel Rooms  
114 Beds

# The Holiday Inn

The Holiday Inn Express features warmly decorated rooms, flat-screen TVs and desks, as well as mini-fridges, microwaves, and coffeemakers in each room.

The hotel also has:

- A 440 square foot fitness center
- A 1000 square foot indoor pool and hot tub space that can be converted into community space.
- A 1140 square foot lobby, dining, and community room space.
- Offices
- Laundry facilities
- A kitchen/pantry
- Additional meeting rooms

# The Proposal

---

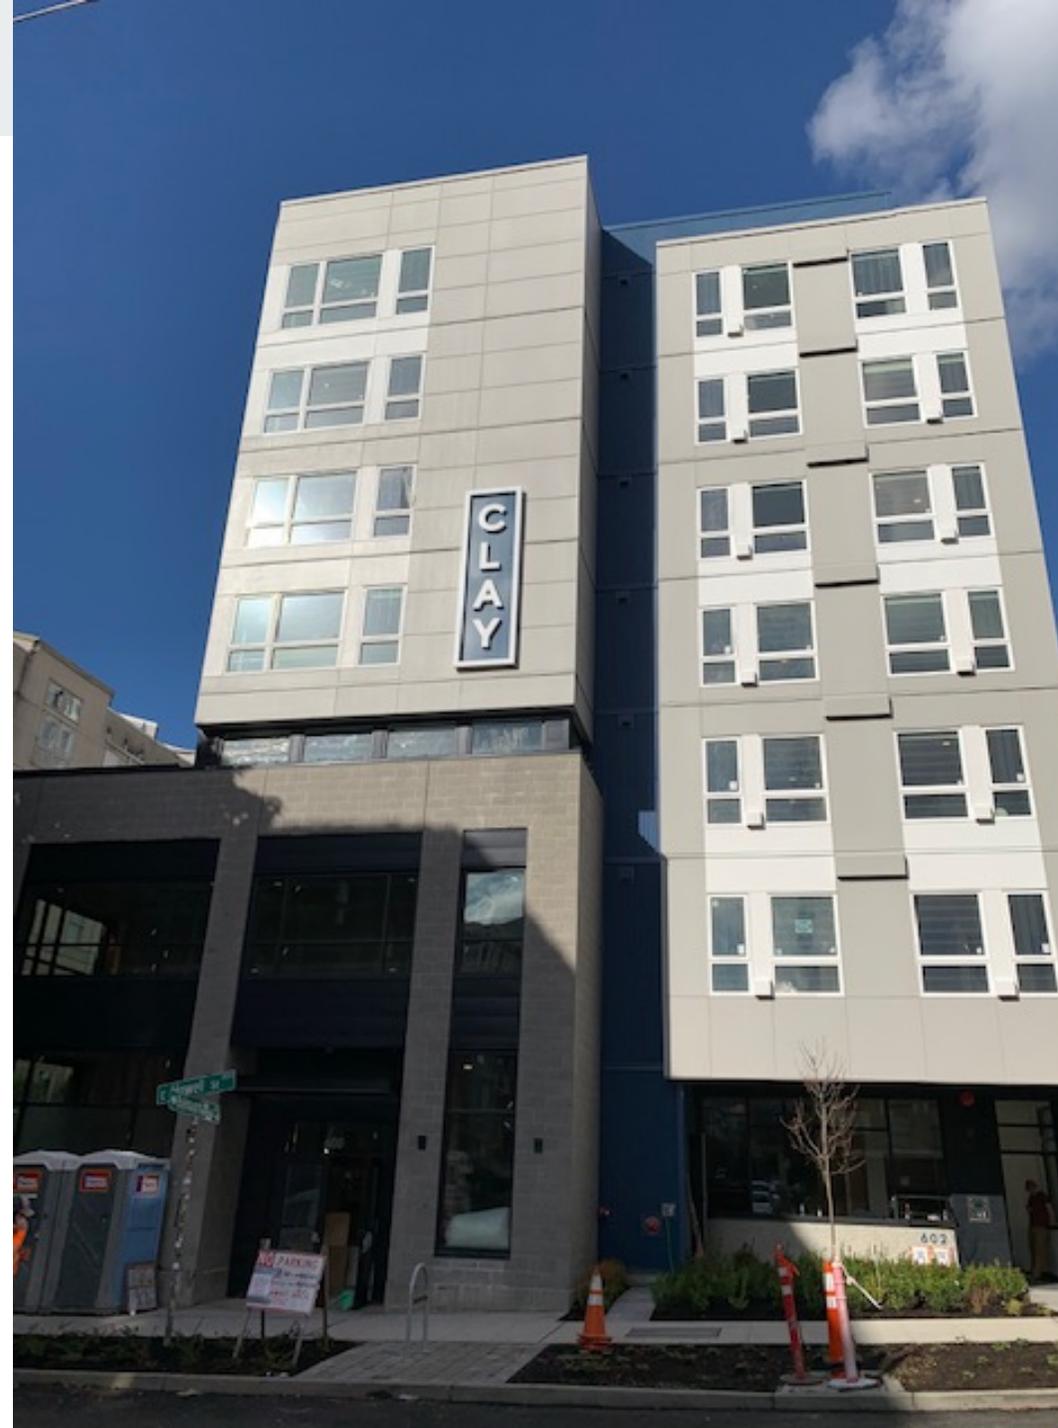

- We propose using a combination of public and private resources to finance the acquisition of the Hotels for shelter purposes.
- The Holiday Inn on Aurora is a hotel that can be acquired and quickly converted to high quality, non- congregate shelter.
- In the long term, these hotels can be easily converted to 100% permanent supportive housing.
- Like in the case of the Holiday Inn, many of these hotels also have large parking lots that can be developed into affordable housing in the long term.

## SH Provider Bills

- Requires significant up front cost and likely changes in IT, staff, policy and procedures etc.
- Maintains accountability

## SH provider partners with another agency for Service Delivery

- Limited up front changes
- Less clear accountability

## SH Provider submits paperwork to another agency who submits claims

- Some up front changes
- Fee charged for process, decreases revenue for the agency.
- Staff changes still likely.
